OUR PARTNERS

Company Overview

At Castle Technology Group (CTG), we're redefining information security by integrating Cyber, IT, and Facility Security into a unified, next-generation approach. **Our mission: Protect your mission** through custom-built solutions that anticipate and counter evolving threats. From advanced technical systems to the secure design and construction of SCIFs, every solution is purpose-driven, innovative, and backed by a proven record of excellence.

Our solutions, best practices, and past performance are 100% unique, authentic, reliable, and customer-focused. We design security solutions as distinctive as the challenges they address — deploying targeted strategies worldwide to counter threats specific to each environment. Whether securing facilities or protecting sensitive assets in high-risk regions, our precision-engineered solutions deliver unmatched reliability and resilience.

CORE CAPABILITIES

- Securing U.S. Government Missions Worldwide
- Rapid Deployment Capability
- Top-Secret Clearances
- Access to Cutting-Edge Security Hardware & Software
- Cross-Domain Capability

THE CASTLE DIFFERENCE

Custom solutions to complex challenges

Global reach and experience. Proven track record in securing U.S. facilities overseas

CTG past performance scales from local, regional, national, global in scope

Proven and field-tested leadership. CTG founders offer the perfect blend between ingenuity and process-driven results

Systems of transparency, process-driven efficiency, and open communications in a DOGE-focused federal contracting environment
